Model:	SDN30	Price:	
Description:	Under Counter Integrated Ice Machine	Operation:	Domed Ice Maker
External Dimensions:	W380mm x D555mm x H665mm	Method:	Spray system - self contained unit
Bin storage:	12kg	Water consumption:	150 ltr / 24hr
Daily production:	27kg	Product weight:	33kg
Cubes :	1,350 / 24hr	Shipping weight:	35kg
Ice cube dimensions:	W35mm x D29mm x H36mm	Includes:	Water pipe and waste pipe
Ice cube weight:	21 grams		Ice scoop and cleaning kit
Operating Temp:	10° C to 40° C	Features:	Counter top or floor standing - 2.5cm feet
Refrigerant:	R134a		Front vented unit
Compressor:	1/5 hp		Removeable air filter
Power supply :	AC 220/230V 50Hz		Easily accessible components
Power:	340 watts		Easy cleaning of water pump
			Low power & water consumption
Amps:	2.2 amps		Space saving design with round corners
Connection:	13 amp plug		Protected recessed on/off switch
Cooling system:	Air cooled		Double defrosting system
Water inlet:	3/4" connection		Agion antibacterial water treatment
Water inlet temp:	Min 5°C to Max 40°C	Construction:	304 Stainless steel - scotch brite
Water outlet:	20mm		Food safe easy clean plastic interior
Water outlet position:	115mm above the base		Vertical pump
	Water cooled models available	Other:	Full range of spare parts available

Water filter recommended: 3M HF60-S Cartridge

Pressure Guage Head: Please ask for prices

A good quality scale free water supply, a well ventilated location and routine maintenance are essential to ensure the ongoing performance of all our air cooled icemakers. Machine failure due to inadequate cleaning and limescale will not be covered by our manufacturers warranty. For further information please refer to product user manual.
